

**An opportunity for SMEs looking for enhancing their sustainability and accelerating decarbonisation by embracing circular economy practices.**

The **GoZero Programme** - an initiative of [MedWaves](#), the UNEP/MAP Regional Activity Center for sustainable consumption and production - will support 40 SMEs (20 in the textile sector and 20 in the agro-food sector) from Algeria, Egypt, Italy, Jordan, Lebanon, Morocco, Palestine, Spain, and Tunisia in enhancing their carbon performance, eco-design, or circular business design through expert and personalized support.

You will find more information on the GoZero Programme and instructions to apply at the following link: <https://www.theswitchers.org/gozero>

The **application deadline is 27 June**.
